RISK MATURITY SELF-ASSESSMENT ONLINE

What is RMA Online?

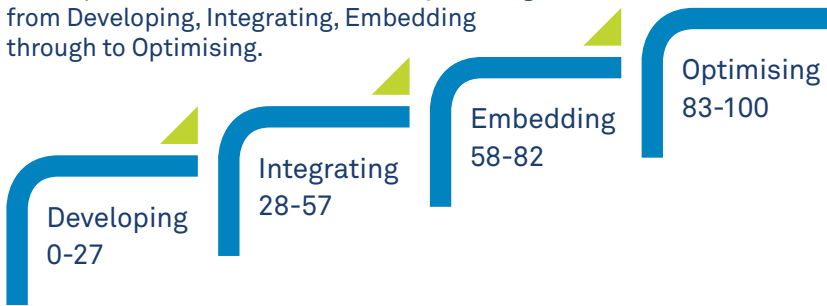

RMA Online is a digital platform designed by sector experts for organisations to self assess their organisational risk maturity. The self assessment has been carefully designed around three core pillars of risk maturity - Governance, Resources and Processes.

Once completing the self assessment, the organisation will be provided with a report featuring a risk maturity score, along with clear recommendations about where they can improve.

Understanding Risk Maturity Rating

This report has four levels of maturity starting from Developing, Integrating, Embedding through to Optimising.

Your overall Risk Maturity Rating is
